

Three persons were injured in this three-vehicle crash Monday afternoon at the intersection of Highways 3 and 6. The injured were treated and released from West Haldimand General Hospital. Damage totalled \$2,750. (Staff Photo)

Haldimand Education Board Again Offers Adult Courses

The Haldimand County Board of Education will again be offering adult night school courses at the four secondary schools during the school year 1972-73.

The Ministry of Education is instituting a credit system for the attainment of a secondary school graduation diploma. The 27 necessary credits may be chosen from a wide variety of subjects in academic, technical and commercial areas. Such credits may be obtained by attendance at Night School Courses in any of the three areas mentioned above, provided the required hours of work are accomplished.

Academic courses will be offered in two semesters, September to January, and January to May. Instruction will be given two nights a week for 2 1/2 hours thus finishing a subject at the end of each 16 week semester. Also this allows an adult to pick up two credits in one school year.

However, this does not exclude someone from taking a non-credit course from the technical and commercial course merely to improve their personal knowledge of a subject or for advancement in their work in business or industry. These courses will offer the usual two hours of instruction two nights a week from September to March.

Also, as has been the custom, general interest courses will be held in a wide variety of hobbies and recreational pursuits. These will be held as usual in two 10 week sessions - one before Christmas and one beginning in the New Year.

Registration for all courses will be held at local secondary schools on Tuesday, Sept. 12 from 7 to 9:30 p.m. Classes will start Oct. 3. Any course will be started if 15 registrations are received.

Multiple

Continued From Page 1 is located on a 15-acre tract on the southwest section of the village and clerk Robert Lysch told council members there is nothing on the assessment roll or on the official map to indicate the developer owns frontage on the highway, as indicated. Council submitted the plans to their own con-

Fun Fest

Continued From Page 1 finish out the competition.

The Kinsmen Club raised close to \$500 from the chicken barbeque and the beer garden in the park during the day, for their community service fund and members of the club extended their appreciation to supporters who braved the rain and, otherwise damp conditions, for the barbeque.

"We'd like to thank the many who turned out to support the activities and especially those who stood in line in the rain for their dinners with such remarkably good humor and co-operation," said club member Ted Heinrich.

The organizers expressed disappointment after the parachuting was called off but plan the September outing, complete with another barbeque, to give the parachutists another crack at the trophies and prizes.

Of local interest to adults in the Dunnville area, Niagara College will again be offering courses at the Dunnville Secondary School. They will be advertising their courses and registration dates.

sultants and were advised to recommend that at least a 15-foot landscaped open space be provided between the development and existing dwellings along abutting properties.

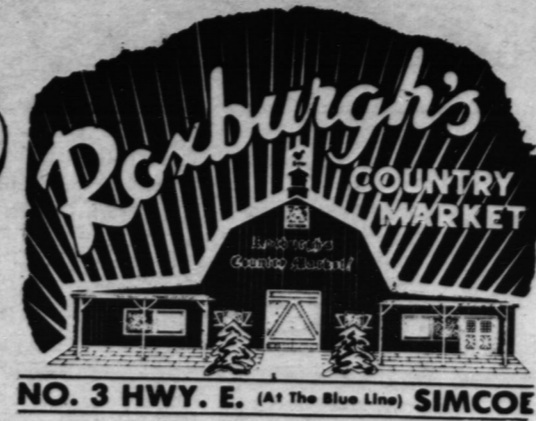

Coun. Jim Davidson expressed some opposition to the construction program. He told the meeting single family units would be more acceptable to the village than another townhouse grouping. Reeve Austin told council the trend in housing is to townhousing and the demand for the units is probably greater than for single family houses.

Mr. Lysch was asked to contact the development firm and obtain an explanation of the site drawing prior to re-consideration by council.

OXFAM... a detergent? Not exactly... but OXFAM-sponsored projects are cleaning up water supplies in developing nations like Mali and India where crops wither and people die because they haven't enough water. Please help!
