The convener, Mrs. John Peart opened the program with the poem My Grandma. As this is the meeting to honor the grandmother's, con-ests were held and each grandmother was presented with a pot of Baby Tears.

Mrs. T. J. Hicks was the speaker for the evening and by means of pictures she took us on a trip to Switzerland, Austria and Italy.

### Eastern Ont. Farmers May Receive Loans

TORONTO - Disas-ter-stricken eastern Ont-ario farmers may get immediate forgivable loans. They will, if the federal and provincial governments quickly accept the Ontario Fed-eration of Agriculture's plan.

Directors of the Ont-ario Federation l a s t week voted unanimously in favour of forgivable loans. The executive will soon ask the federal and provincial governments to each pay half the cost.

Loans must equal 2/3 of a farmer's crop loss caused by the flooding. They would be forgiven 20 per cent yearly, over the next five years. Loss would be assess-ed by the Crop Insur-ance Commission of Ontario.

He a v y rains turned fields into shallow lakes in eastern three townships of Grenville county, southeastern three townships of Car-leton, and the counties of Dundas, Stormont, Glengarry, Prescott and Russell. Crops are drowning and can not be harvested. Between 70 per cent and 80 per cent of the hay, pasture, spring grain, and corn crop is a total loss.

The OFA wants the area designated as a disaster area.

"Farmers desper-ately need these loans now. Not next month or next year. We trust that our elected represent-atives will shoulder the responsibility, burn the red tape, and a c t," says Gordon Hill, Pre-sident of the Ontario Federation of Agricul-ture.

To prevent abuse, the OFA calls for the loan to be treated as income at tax time. Farmers selling their fa r m s within five years would have to repay the bal-ance.

### OPP Report

The body was recovered by Caledonia firemen after 40 minutes of dragging. Const. R. Fox, Cayuga OPP investigat-ed.

A vehicle reported stolen from Preston, was recovered heavily damaged in the Sand Quarry in Moulton Township.

Twelve charges were laid for having liquor in a place other than residence. Officers in-vestigated 18 motor vehicle collisions, re-sulting in injuries sus-tained to eight persons.

### Eastern Ontario Farmers Facing Crisis, Says OFA

TORONTO - There will be few farm dol-lars for machinery, fer-tilizer, fun, or travel in Eastern Ontario this fall. Retailers will soon feel the results of the farm crisis.

Dairymen look over miles of rotted hay and field after field of drowned yellow corn.

June - July rainfall was double last year's. Cornwall area received 10.74 i n c h e s this spring; 5.18 inches last. Fields have become shallow lakes studded with hubped tractors and balers. The strick-en area is e a s t e r n Grenville, D u n d a s, Stormont, Glengarry, Prescott, Russell, and southeast Carleton counties.

Because fa r m e r s have not harvested the rotting hay, there is a shortage of cattle feed. Distressed sales of livestock are already reported. More are feared.

Milk production is down 20 to 50 per cent. Grass has lost its nu-trient value. Wet past-ures are making cows' feet sore, soft, and crack with foot rot. In some areas, milk qual-ity as well as quantity has declined.

Crop experts estim-ate rains killed 75 per cent of the corn and spring g r a i n s crop. Hay, the area's main dairy cattle feed, is hardest hit. Only 10 to 15 per cent has been harvested to d a t e. Total losses may ex-ceed \$8 million.

Farmers may ward off complete disaster if fields dry sufficiently so hay can be brought in and grain corn can be harvested as silage.

"Younger fa r m e r s with tight repayment schedules will likely lose everything," says Gordon Hill, President, Ontario Federation of Agriculture. Low net income in recent years has prevented farmers from building up re-serves to carry through disasters such as this.

We trust Mr. a n d Mrs. Ram-rattan, Cheryl and Rob-bie will return in good health, and find the congregation also in a state of well-being.
