

CHRISTMAS

Bringing Home the Tree

Christmas wouldn't be the same without a tree to adorn the home. Everyone knows the excitement of tramping through the snow to find the "right" tree; the breathless rush to take it home; and the crowning glory, the newly decorated tree.

Many things, both large and small, make this the most festive season: A Christmas card from an old friend; little noses pressed against a store window; gently falling snow on Christmas Eve; the joyous clamor of friends and relations who have gathered together once more.
