

Home Economist Has Busy Schedule

CAYUGA - What is a typical day in the life of a county home economist? The answer is simple - there is no such thing as a typical day. Basically 50 per cent of her time is spent working for people and the other 50 per cent working with people. Therefore if you have a question regarding home economics please contact me through your closest agricultural office. A home economist's main responsibilities include co-ordinating the 4-H homemaking club program and the senior program within the county. All projects offered are free of charge and open to any interested individual or group.

Homemaking clubs are open to girls between the ages of 12 and 26 years. A series of projects related to foods and nutrition, clothing and textiles, home furnishings, hospitality, fitness and citizenship, homecrafts, and gardening are available.

Currently 250 girls in Haldimand's 25 clubs are enrolled in dairy fare. This project is devoted to the study of milk in its many forms.

Sandusk

Mr. and Mrs. Robert Marshall spent the weekend in northern Ontario.

Bill Werner of Toronto spent Sunday with his parents Mr. and Mrs. Craig Werner.

Mr. and Mrs. Ronald Tryon and Julie moved into an apartment in Hagersville on Wednesday.

We are happy to see Mr. and Mrs. James Hoover back living in our community again.

Mrs. Maud Barnes visited Mr. and Mrs. William Nicol on Sunday.

Mrs. George Sternaman has been spending some time with her daughter and family Mrs. George Eastbury.

Gwen Nie spent the weekend with her parents Mr. and Mrs. Merrill Nie.

Mr. and Mrs. John Brennan and family of Simcoe were supper guests of Mrs. William Bray on Sunday.

The club entertains, which focuses on hospitality in the home, with emphasis on the planning an preparation of refreshments for various occasions - afternoon tea, indoor or outdoor parties, and family entertaining will begin in September.

For the ladies of the county the home economics branch offers senior training schools. The knack of sewing with knits was attended by 32 ladies in February from all sectors of the county. These women are now teaching what

they learned in the two days to friends and neighbors in their respective areas. The course concludes with a summary day which will be highlighted by a fashion parade of the garments made during the project.

Dates to attend: April 20, Knack of Sewing with Knits Summary Day, Kohler, 1.30 p.m.; April 22, Dairy Fare Achievement Day, Kohler, 1.30 p.m.; April 29, Dairy Fare Achievement Day, Kohler, 1.30 p.m.; May 6, Dairy Fare Achievement Day, Kohler, 1.30 p.m.

Minor Hockey League Championships

G. Wilson posted a shutout as the Fisherville Flyers won the Novice town league championship. B. Dougherty fired two goals including the winner to pace the attack. S. Millard, F. Nagel, G. Richert, and M. Wardell scored the other goals in the one sided contest.

White Oaks 1 Jarvis 0

In the best and most exciting game of the night the boys from White Oaks skated off with the Pee-Wee championship by a close 1-0 score. Little Perry Ring turned in his second straight shutout in the playoffs making many spectacular saves.

With Gerry Forrest and Kevin Duxbury doing all the work on the play, Roy Strohm pulled the trigger on the biggest goal of the season for him. This was the only scoring in the game. Jarvis carried the play to White Oaks all night and deserved to win this one.

It took the great play of Ring in the net for the winners to hold the Jarvis boys off the score sheet. This was a real playoff game that was great to win but a tough one to lose.

Fisherville 4 Walpole 2

Fisherville skated off with a 4-2 win in the Bantam series for the championship. The winners built up to a 4-0 lead then hung on to beat the Walpole boys in the late stages of the game. Dayle Moerschfelder was the hero in this one.

as he scored two goals including the winning goal. Don Elfer picked up the other goals to round out the scoring for Fisherville. Phil Nie and Kevin General replied for the losers.

Fisherville 4 Sprucedale 2

Fisherville made a clean sweep of every game they were in as they skated off with a 4-2 win in the Midget game to capture the

championship. Jim Willis fired two goals to lead the attack against the Training School. Bruce Everetts scored the winner for Fisherville with Garry Nagel adding an insurance goal late in the game. John Mystal and Dave Webb scored the lone goals for Sprucedale.

Hagersville Midgets Win 3-1

The local midgets travelled to Hespler to

Fisherville Wins Series

In the first rural tournament held for Bantam and Midget teams, Fisherville won the Bantam series and Plattsville the Midget series.

The Fisherville crew defeated Hillsburg 8-3 with Jim Suttcliff scoring five goals. Bobby Thompson added two and Daryl Nagel got the last one.

In the next round Fisherville knocked off Smithville by a score of 5-1. Suttcliff picked up two more goals in this game. Robin Mowatt, Bill Hayes and Daryl Moerschfelder picked up the other goals.

In the championship game, Fisherville downed Dawson City by a score of 3-2 with the game going into sudden death overtime to decide a winner. Jim Suttcliff fired the winner in this game to be the most outstanding player in the tournament. Scott Cronk and Daryl Moerschfelder picked up the other goals.

Dawson City had reached the finals by shutting out Six Nations 4-0. Glen Johnathan picked up the shut out in this game. Larry Kett Ray Smith, Tom Shepperd and Dan LaForme scored the goals.

Six Nations played a 2-2 tie with Boston but were awarded the game as a result of having more shots on goal in the game. Steve Maracle and Jeff Isaacs scored goals for Six Nations with Jim Boroski getting both goals for Boston.

Plattsville won the Midget series by picking up wins over Six

take part in a tournament and won the first game 3-1. They defeated Acton in this game and now meet either St. George or Norwich in the next round on Thursday.

Game time for this one will be 5.30 p.m. Anthony Yacobino put on a one man show as he scored three goals for Hagersville. For his effort Tony will be the Canadian Tire Player of the week. If Tony sees Mr. Caldwell at the Canadian Tire Store he will be presented with a stick.

Bill Downy turned a fine game in goal for the winners. Coach Larry Simon was without the services of Dean Webb who picked up over 20 stitches in his arm. We all hope Dean can resume playing before the tournament is over.

6 terrifying questions to ask a small-car salesman.

1. How much?

Brace yourself. It may cost you several hundred dollars more than you think.

Because on top of the inevitable sales taxes and delivery charges, wait the inevitable optional charges.

That's where you can really throw your money around.

On an electronic telescoping antenna, peek-a-boo headlights, or a sports console.

Even more bizarre is the new small car that offers optional power equipment.

A small car is supposed to be easy to drive.

So what's it doing with power steering and power brakes? Instead of all that mechanical power, you'll need a little will power.

To keep from being fast-talked into a lot of things you don't need.

2. What improvements were made this year?

If a car maker's serious about making his car better each year, he'll make it better each year.

With improvements that are meaningful. And not just cosmetic.

Of course, if the car's a first edition, it won't have any improvements.

In which case you should do some soul searching before you buy it.

Because it takes years of refining to work the bugs out of a car.

You don't really want a car to work its bugs out on you. Do you?

3. How long does it take to replace a fender?

Depends on which small car you buy. Buy one that changes its looks every year and it will probably take longer to repair the body.

Because dealers can't stock all the parts for cars that get an annual face-lift.

It may also take longer for mechanics to service a car that's changed frequently.

Because a mechanic will have to relearn the inner parts. Frequently.

The easiest way to reduce the possibility of such frustrations is to buy a small car that's sensibly designed to begin with.

And never changed for the sake of change.

4. Can I talk with the Service Manager?

Hardly anyone ever asks this one. But why not?

You might save yourself a lot of grief. And money.

So ask him what kind of service schedule he has for your car. What kind of diagnostic service? What does it cost?

When you buy a new car, don't let the showroom in front dazzle you.

Better you be impressed by the showroom in back: The service department.

5. How long is the warranty?

One of the best questions you can ask.

You see, how long a car manufacturer's willing to repair or replace major parts at his expense tells you something about him.

How good he thinks his car is. If he feels it's sturdy and dependable, he'll give you a generous warranty.

Something better than the usual 12,000 miles/12 months, whichever comes first.

But if he doesn't give you better than that (or even that), ask another question: "Why?"

6. What can I sell it for?

The resale value of a car is a tip-off on what people think about it.

If the car's been a loser over the years, with heavy repair bills, you'll probably take a beating when you unload it.

If the car depreciates drastically the minute you buy it, you're losing money even before you drive it home.

So while you're thinking about buying low, think about something else: Selling high.

Good luck.
