South Walpole H And S

The second regular meeting of South Walpole Home and School on Monday Nov 13.

The President, W.H. Brown was in the chair. Guest speaker Barry Dunbar from the Addiction Research Foundation Dunnville Branch spoke on drug problems.

He brought a most interesting film explaining causes and effects of different drugs. This was followed by a question and answer period. He left literature and expressed himself as willing to pay a return visit.

Mr. Walpole, school principal, gave a short talk on the school library asking for volunteers to arrange the books under proper headings and catalogue same.

He suggested that some volunteers might give instruction on various subjects under which the books might be listed and used. The Department of Education is trying to promote participation of non-teachers one day a

week in making the library a more vital part of the school.
