

SPECIAL! One week only

TUNE-UP

including
ENGINE ANALYSIS

10.45 4 and 6 cylinder (most)
14.75 8 cylinder (most)

One low price does all this: Install and/or service spark plugs, ignition points, rotor, condenser, distributor cap; set timing and dwell angle. Check ignition coil output; clean or replace air and gas filter. Clean battery cables; adjust fan belt; test generator/alternator, regulator and battery. Adjust carburetor; pressure test cooling system. Clean or replace PCV (positive crankcase ventilation valve). Service heat riser valve. Test hi-tension cables; eliminate resistance in primary and secondary circuits. Dynamic cylinder compression test; test fuel pump pressure.
(Parts extra if required).
