# Haldimand Says No

Continued From Page 1 and then it would "just be a matter of setting the date back to July Mr. Best's resolution recommended the im-1st." plementation of regional government for July 1st provided that Mr. White cerned that elections in agrees, on behalf of the province, that the 50 per cent of the mem-Haldimand - Norfolk bers who have been working on regional region will not comprise government. Once you any more or less area the foreseeable terest, he said. "I think future. And, that the province will give ample you're going to lose a lot opportunity and time to local councils for negoif regional government is implemented Jan. 1." tiation, working out their problems and set-OPPOSITION ting up the lower tier of

Mr. Best told councillors that they were all elected to serve a two year term. Thus, it is their responsibility to see that any transfer of government is in the interest of the people before they relinquish that responsibility. Mr. Best said councillors must be able to tell people what is going to happen before they turn it over to a new government. He expressed particular concern over the future of boards and committees which presently comprise volunteers from the com-

THE VOTE Walpole, Jarvis, Hagersville, Cayuga, Caledonia, North Cayuga, South Cayuga, Dunn, Moulton (1) vote, Oneida, Rainham, Seneca and Sherbrooke representatives voted in favor of the July 1st implementation date.

"Is there a big rush that we don't plan anything, that we go headlong into it (regional government)?," Bruce Meehan, deputy-reeve of Walpole asked. Arthur Meen, parliamentary assistant to the treasurer said at a meeting in Jarvis that 1975 was the earliest date possible for implementation of regional government, he noted. And, Mr. Meehan felt three weeks did not give council enough time to settle boundaries.

Roger Warner, a representative of the ministry, told councillors at the meeting that municipality and ward boundaries should be decided in the next two or three weeks because it is part one of the regional bill. He felt a steering committee should be formed to meet with the province this week.

"It can't be done," Mr. Meehan said. He felt it was unreasonable to ask councillors to do something in three weeks, which he hopes will last one hundred years, just as the present system has lasted one hundred

Gordon Miller, reeve of Walpole, pointed out that other municipalities embarking on regional government, such as Hamilton, have had a lot more time. Haldimand has to worry about elections and the implementation of a new government in a lot less time, he said. Legislation could still be passed in the fall, he suggested,

sooner the better," the

At a meeting in Port Dover on August 3rd, Mr. White urged the two counties to work towards January 1st because he felt Stelco was going to move into the area faster than they folk decisions will now have publicly announ-

## Twelve Homes

Continued From Page 1 whether there is available office space, size of area people would be drawn from and any future development. Council members agreed the letter should be answered because "it would be nice to have a dentist in town."

FEW FIRES

The Jarvis - Walpole Fire Department has had a very good year as far as fires go very few. As a matter of fact, there haven't been enough fires in town to keep the fire account active.

Clerk Bob Lysch told council members the present telephone bill will put the fire account in the red.

Council agreed to transfer \$200 into the fire account and Walpole Council will be asked to contribute the same

INCREASE

Council approved a 100 per cent increase in janitorial fees for the upkeep of the municipal building from \$40 to \$80 a month. The cost is split between Jarvis and Walpole.

A SERVICE

Reeve James Davidson told council the Volunteer Fire Department would like to know whether the town wants them to continue using water hydrants when they practice.

The firemen are getting "the devil" everytime they practice, he said. People complain it disturbs the water and makes it dirty. However, village en-

# Flyers Announce Season's Ticket Program

their history, the Hagersville Flyers Hockey club announced a season's ticket program for

regular season and playoff action. In explaining the pro-gram season's ticket manager Earle Smith said, "Through season's tickets, we hope to avoid some of last year's disappointment, when some entireseason fans found themselves without a seat in the arena during our playoffs. This year, the holder of a season's ticket has the right to a reserved arena seat for the entire season. The ticket holder then has first call on the same seat during playoffs. The system insures the fan with a good viewing seat during regular season and playoffs. Even if the person

comes to the arena mid-

way through the game -

the seat is reserved for

Outlining the price structure, Smith said, "A season's ticket for one person for the 15 nome game stand costs 15 dollars. This will represent a saving of 25 cents per adult seat for every game, as well as giving the ticket holder first call on the same seat during playoffs." Pointing to the 25 cent saving, Smith added. "To buy a ticket at the door each game now will cost a dollar and a quarter per adult this season; 75 cents for high school students, and 50 cents for public school students. Pre-schoolers are admitted free. Although our general admission prices have gone up a quarter, it's still the best entertainment buy around when you consider it would cost you \$2.50 per person to see a show in
