DOJARS & GOOD SENSE

As we head for the annual summer clean-up automobile sales, it's time for a list of do's and don'ts to help you get the best deal on your next car.

Summer savings are real, but even though brand new, car depreciation starts in September and amounts to about 15% by the end of the first year, whether the car is in your garage or the dealer's showroom.

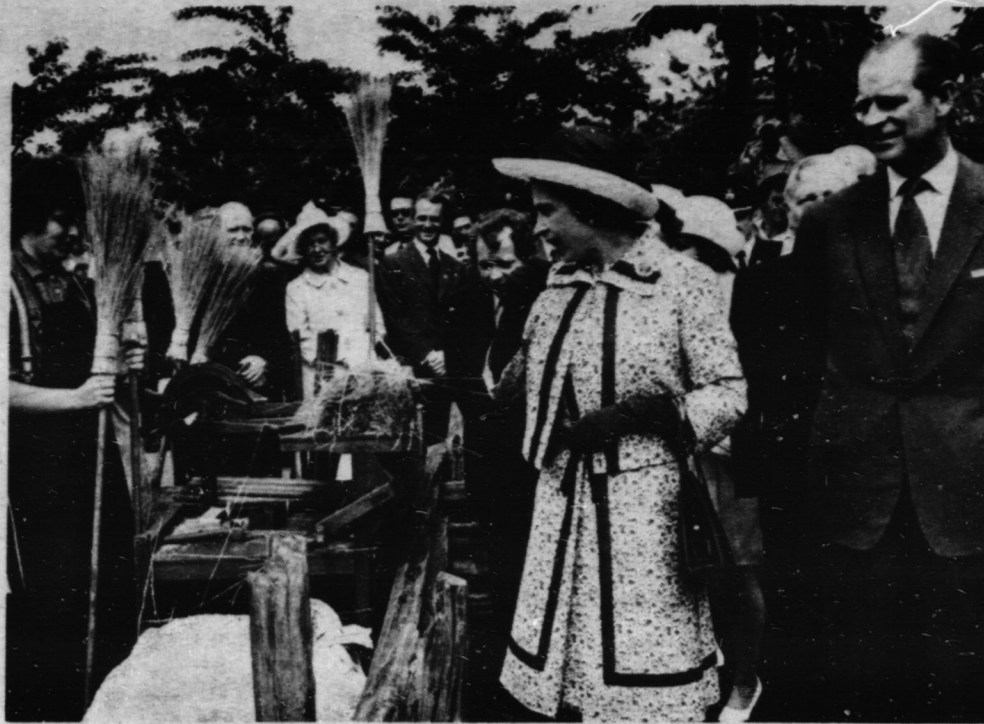

The worst time to buy a car is during the first 60 days after introduction in the fall, when demand is high and stocks are low.

When you get the new-car itch, decide on a make and model and pick out a few convenient dealers. Get their literature and then read up on your choice in the many books and magazines that are available. Do your homework before you start to shop seriously.

How about options? Each one adds to the sales price, but they also count at trade-in time.

After comparing dealers' costs (remember it's a buyer's market although a dealer is entitled to a fair profit), select your dealer, but that isn't all.

You can still save more when it comes to financing and insurance. Make your arrangements for both before the purchase. The savings over standard dealer arrangements can be substantial. After that, you're on your own. Just remember that a bargain isn't a bargain unless you're satisfied with the car you buy.

Her Majesty Queen Elizabeth II and Prince Phillip made an unexpected tour of the Black Creek Pioneer display at High Park on June 26.

BITS 'N PIECES

CUBS AND BROWNIES

Cayuga International Speedway has invited all uniformed "CUBS" and "BROWNIES," admission free, to the track for their July 6, Late Model "Super Stock" auto races.

Several area troupe leaders have been invited. Some leaders who may not have heard or have been missed, will have the chance to contact the Speedway office.

PINEAPPLE 'N PORK

Sprinkle a little brown sugar on pineapple slices, both sides, and grill them for about five minutes on the barbecue. Serve them on ham slices and your reputation will be made.

BARBECUE SAUCE

A magnificent sauce is made by mixing the juice from sliced pineapples with 1 teaspoon dijon mustard, 2 table-spoons honey, and 1 teaspoon lemon juice or vinegar.

THICK CHOPS

Thick pork chops can be threaded on a rotisserie brushed with barbecue sauce or salad dressing at intervals.
