## Carillon

Continued From Page 1 The instrument consists of 25 miniature

bell units of bronze ball metal which are struck by metal hammers, producing exact bell tones almost inaudible to the human ear. These bell vibrations are then amplified over 100,000 times by means of specially designed electronic equipment, producing true bell tones which are far superior to the tones of traditional cast bells

of massive proportions. It will be played from a special keyboard located at the organ console. Selector switches will permit the bells to be heard within the Church alone, from the tower alone, or together. Also part of the new bell instrument is the MagnaBell Tape the bells for the first Player. The tape player

utilizes pre-recorded magnetic tape cartridges of Carillon selections and is controlled automatically by a 24 hour programme

Tapes were presented at the service by Mr. and Mrs. Glen Winger, Mr. and Mrs. Les Winger and Patti Martin, on behalf of the Spring-

vale Hi-C's. Robert Riley, representing Mrs. Harvey's side of the family and John Harvey, representing Mr. Harvey's side, presented keyboard keys to organists, Leota Winger and Marj

New choir gowns were also dedicated at the

service.
