

## Juveniles Take Series

The Hagersville Juveniles took the fourth and deciding game of their series with Pelham by a score of 3-1. With only nine players, coaches Larry Simon and Bill Prince got maximum mileage out of the boys and picked up the win right in Pelham's back yard. The game was played in Welland and there were more spectators than players at the game. Simon pulled a surprise move and put Robby Stewart in goal in place of Steve Petracca. He must have known something no one else knew because Stewart turned in a great performance.

Jeff Hopkins fired a puck past Stewart in the first minute of play when Pelham held a man advantage, but this was the last goal to get into the Hagersville net during the rest of the game. John Montour who played his best game of the year scored the first goal for the Hagersville team with Sandy Gibbons and Dean Webb picking up the assists. Gibbons then took a pass from Montour to put us one up and the score stayed that way well into the third period. Webb took the pressure off by scoring an insurance goal after being set up by Montour and Jack Eselment.

### Poor Preacher

I feel sorry for the Preacher. In a little country town; if he's not a shining angel, All the gossips run him down. If he stays at home to study He should go to see the sick. If he goes to a convention, Why, he doesn't work a lick. If he visits ailing ladies He's a gad-about and flirt. If he dares to go a-fishing; His good name's forever hurt. If he's boosting for the young folks, He's too modern - he's a clown. He won't preach old-fashioned sermons Fit for such as Grandpa Brown. If he caters to the old folks, All the young ones stay away; And they never ask God's blessing On him when they kneel to pray. And the unbelieving farmers Ridicule his soft hands, Hands that welcome weary sinners. And then teach them God's commands. Yes, I sympathize with the Preachers, For they're human as can be, And I know they can't be perfect, For they make mistakes like me.

-Selected

If John Montour was the best man on the ice, there were others close behind. Marv Higgins and Dave House turned in solid games on defence. Simon went with only three defence-men. Gibbons, Webb, and Townsend played well up front but missed several good scoring chances.

Both teams picked up six penalties apiece.

## Federation News

### Land Optioning - A Bad Deal

by Mark Stephenson  
Due to the fact that there is a land assembly scheme of farm lands now underway on a considerable scale in Walpole Township of Haldimand and Townsends Township of Norfolk, the Haldimand Federation undertook a small exercise in arithmetic to discover how a farmer would fare if he accepted the deal being offered.

The option to Purchase runs for five years. We assumed certain things, that the farm was 100 acres, that the value in January 1972 was \$400. per acre and the present offer is \$1500. per acre, that there was an already existing mortgage, that the down payment would be 30% of the purchase price and that the option would run the full five years and then be taken up.

### OPP Report

In last week's edition, it was reported that a number of stolen articles were recovered in a house in the Village of Hagersville. One article recovered was a colour television which was stolen from the residence of Gordon McWilliams, No. 6 Highway, Oneida Township in August, 1971.

Charges of Break, Enter and Theft have been laid by this detachment against persons responsible for the theft. A car stolen from Hamilton was recovered on the McClung Road, Seneca Township, with the front wheels missing.

Three charges were laid under the Liquor Control Act with one male person charged for Driving Under Suspension.

Eleven motor vehicle collisions were investigated resulting in injuries sustained to three persons.

This was the best refereed game of the series. The game was marred by a scuffle just after the final bell.

The Juveniles will now play Lambeth with the first game in Lambeth Wednesday night and the second game of the series will be in Hagersville Sunday afternoon at 4:30 p.m.

## Nanticoke News

by Mrs. Harry Evans  
Mr. and Mrs. Roy Richards and son Geoff of Port Dover were supper guests at the home of Mr. and Mrs. Lyle Somers on Sunday evening.

- 2 p.m. - 8 p.m.
- Haldimand-Norfolk Health Unit
- Woolworth Bldg., Simcoe.
- Tuesday, 13 March, 1973

## World Day Of Prayer Held

by Jessie Miller

Members of seven Churches took part in the annual World Day of Prayer service held in Wesley United Church, Jarvis on March 2. Presidents of the United Church, and other village churches were in charge of the program with Mrs. Don Duxbury of Wesley United as Chairman.

Mrs. John Hogeterp from the Christian Reformed Church, Mrs. R. A. Miller of Knox Presbyterian, Mrs. Ross Dossier of St. Pauls Anglican and Mrs. Raymond Montague of St. Anne's Roman Catholic Church seated behind the Lectern as Leaders.

Also taking part from the audience were Mrs. Ralph Gowan, Mrs. Cora

McKenzie, Mrs. Murray Biggar (Chalmers Church), Mrs. Harry Preston, Mrs. Peter Brouwer, Mrs. George Anderson, Mrs. Jack Herrewynen, Mrs. Bruce Meehan, Mrs. Gordon Cherry and Mrs. Harold Wilson.

The Rev. Eric Ramrattan gave the address which stressed the theme - "Alert in our Time." He opened his address by referring to a group of ladies he had spoken to in Trinidad and sang, in the language, a hymn which was a favourite with those of East Indian descent - translating the final line "I can hear my Saviour calling."

To be alert, one must be aware of the needs of the present, must be

lively, must watch and be full of empathy. All have their tasks to do and must be alert to do those things which are at hand and needed.

The Church must be aware that "man does not live by bread alone" and everyone should be thankful to have the opportunity to serve. In closing, he scorned complacency and called for all to realize the necessity of work in this world of so called Christian need. Be alert to your surroundings that you may do your utmost.

## TODAY'S CHILD

BY HELEN ALLEN

SHE'S HAPPY AND CHATTY

Tammy was five before she could talk. Now at eight, soon-to-be nine, she is a real chatterbox.

Tammy has been attending a school for the retarded but is now in a special class in the regular school. She will continue to need special classes. Tammy will do her best there for she is a determined child who perseveres with anything she tries to do and is proud of her achievements.

A pretty girl, tall for her age, Tammy has brown eyes, dark hair, medium complexion and rosy cheeks. She is very near-sighted but otherwise in good health.

Lovable Tammy gets on well with other children and is attentive to and protective over a toddler in her foster home. She is normally happy and has developed a good amount of self-confidence in a foster home where she feels she is warmly accepted.

Tammy likes to sing, alone or with others, and enters enthusiastically into all the group activities at school. She is fond of books with pictures.

Tammy has learned to skate and is taking swimming lessons. She is becoming interested in domestic affairs and enjoys helping her foster mother.

Tammy needs a family who will appreciate her lovable sweet personality and will not be concerned over academic achievement. It will be ideal if there are older brothers and sisters to take an interest in her and for her to admire.

To inquire about adopting Tammy, please write to Today's Child, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

## On The Farm Front

The Land Use Meeting to be held at Haldimand Agricultural Centre, Kohler, on March 8 starts at 8:00 p.m. Farmers are the owners of the largest proportion of land in our area. They are invited to attend to learn how others plan the use of land.

The annual Haldimand Corn and Forage Show will be held at the Agricultural Centre, Kohler, on March 14 and 15. Exhibits of the hay, corn and silage classes will be received on Tuesday evening, March 13, and on the morning of the 14th until 10:00 a.m. Prize lists are available at the county agriculture office, Cayuga.

The program on Wednesday morning, March 14, will feature Production of Quality Forage. Dr. Ross Stevenson of the Crop Science Department, Guelph will be followed by a panel

that will include Russell Smith, Caledonia, Rodney Fox, Cayuga, Jake Oosterhoff, Dunnville, Frank Ruigrok, Canfield, and Lloyd Bilton Hagersville.

On the afternoon of March 14 the Corn and Forage Show program will include presentations on Comparative Costs of Livestock Feeds, Protein in the Ration, Producing Soybeans for Protein and Field Crop Recommendations for 1973.

The evening program on March 14 will be directed to Junior Farmers and 4-H members of Haldimand County. Rodney Fox, Cayuga, is making special arrangements for this part of the day.

On the afternoon of Thursday, March 15, the feature of the Corn and Forage Show program will be Harvest and Storage Losses. Panelists who will relate their own experience will be

Allan Edgar of Paris, Bill Elder, Canfield, Keith Richardson and Robert Paisley, Dunnville, along with Don Mattice, Nanticoke.

All Haldimand farmers are invited by the county Soil and Crop Improvement Association to meet at the Show at Kohler on March 14 and 15.

Many local dairymen were likely to run short of Market Sharing Quota for the current dairy year. This would have meant a deduction of \$1.25 for each hundred pounds of milk sold over quota.

Most of the producers concerned have been contacted by Doug Johnston, O.M.M.B. fieldman or by members of the Haldimand Milk Committee. For others who still may be short on M.S.Q. Doug will be available for discussion at the agriculture office, Cayuga, on Friday, March 16.
