

HAGERSVILLE**Highlights****Lynda Snyder Speaks
To Hagersville Brownies**

The Brownies, Guides and Rangers of Hagersville spent an interesting and informative evening at the Hagersville Legion on June 6, 1974.

District Commissioner, Mrs. Dominic Vanni, welcomed the girls and introduced the guest speaker Miss Linda Snyder. Linda has spent a great deal of time in Africa with C.U.S.O., Canadian University Service Overseas.

Linda teaches high school students in Zambia. She explained that the students live in a dormitory during the school term and walk home with their suitcases for their holidays, some living up to 50 miles away.

She described the small village where she lives and said that she only gets to the city by plane, once every three months.

Linda's slides showed the styles, customs,

plants, animals, transportation and climate in Zambia. She also had slides of other places she visited such as Singapore, Thailand, Ceylon, Indonesia, Hong Kong and Tokyo. Crafts were on a display table for the girls to examine.

A question period followed Linda's presentation after which Girl Guide Annie Ouellet thanked Linda on behalf of all present and gave her a gift as a token of their appreciation.

U.C.W. Enjoys Picnic

The Afternoon and Evening Groups of Hagersville United Church met on the spacious and attractive lawn of the Parsonage for a bountiful pot luck picnic supper on Tuesday evening, June 4.

Mrs. William Mitchell led in the devotional, the theme being "Jesus The Door To Salvation". Mrs. Mitchell stated there were many types of doors; one being an open door to the needy and helpless, also the lonely and sorrowful.

Mrs. Trudy Plato told of another door - Door of My Lips, where many unkind words are said, where a door would be required to seal in these words.

Mrs. A. Esselment told of the Door of Hope, where in every human life there is grief

and worry - if there was trust in God, that troubled valley would become a door of hope. Mrs. Julie Rule read of the Door of Faith which said many are special recipients of faith, as mentioned in the Scriptures. Mrs. Peter Malcolm read of

the Door of Opportunity, where if one will share and pray, the door of opportunity will open. Mrs. Mitchell closed this thought-provoking devotional period by reading a story telling how we should keep open doors in each of our homes.

**Free Transportation
For Blood Clinic**

The Legion Ladies' Auxiliary of Branch 164, Hagersville, are once again planning a Blood Donor's Clinic.

This Clinic is in definite need of YOUR blood, and there is no excuse not to attend, since free transportation is being provided through generous members of the Legion and Auxiliary.

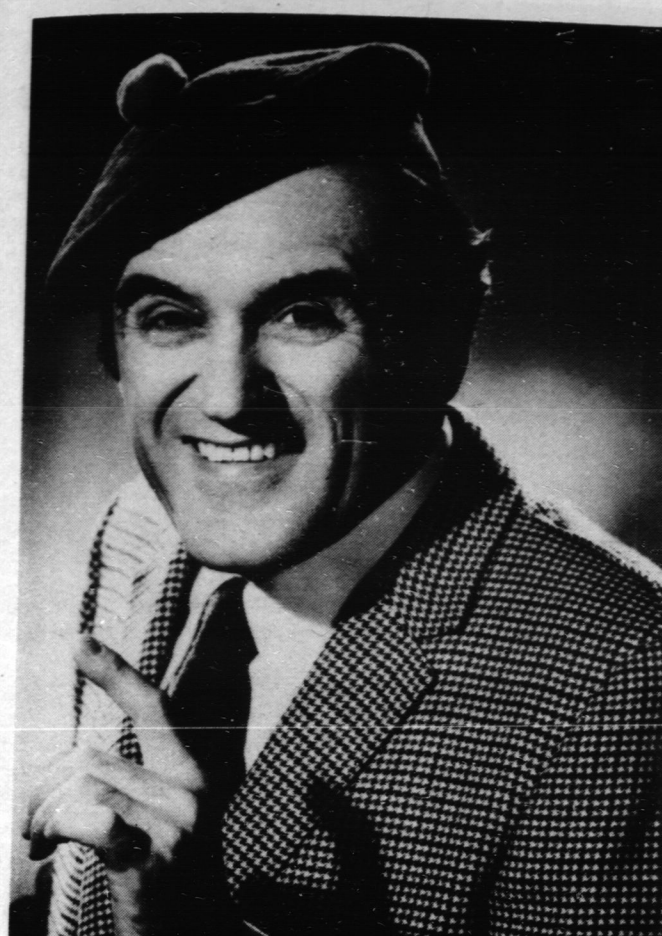

Just jot the telephone number down - 768-3422 and leave the message, regarding transportation to the Clinic.

Remember, in Canada we are extremely lucky. We may receive free blood transfusions while in Hospital, but such is

not the case in the United States. They must pay very high prices for each pint of blood that is used.

Please do not let this happen here. The Red Cross Society of Canada is fighting desperately hard to supply the quantities of blood required. Give now and help to save a life - who knows it may be a dear member of your very own family.

This clinic will be held at the Hagersville Legion Hall, Alms Street North on Thursday, June 27 with hour in the afternoon from 2 to 5, and in the evening from 6:30 to 8:30 p.m.

The Billy Meek Show from Toronto will be here in Hagersville the evening of Monday, July 1st. Billy Meek is bringing several good family-type acts and it looks as though it will be an hour - and a half show at the Tennis Court, beginning at 8 p.m. It is anticipated that there will be a large crowd to welcome one of the star performers of the popular TV show "Pig & Whistle".

Firemen Called

Hagersville Volunteer Firemen were called to a "freak fire" on Highway 6 on the southern outskirts of Hagersville on Wednesday morning, June 5.

The call was received at 8:45 a.m. when a "tar pot" which was a piece of portable wheeled equipment being used by the

Department of Highway crew, burst into flames.

The mishap occurred due to overheating which resulted in the tar erupting into flames. They were promptly extinguished upon the arrival of the Volunteer firemen.

Again on Monday, June 10 at 8:45 p.m. the Hagersville brigade were called to a house fire at Ohsweken. This home was owned by Mr. Arthur Porter, R.R. 1, Ohsweken and was a complete loss, as it was burnt to the ground.

**WHERE
I STAND**

1. I stand squarely opposed to wage and price controls as a solution to inflation - they will not work.
2. I strongly support the measures in the recent budget. I believe they would have been helpful to many Canadians. It was defeated by the opposition.
3. I believe that the stability and harmony in Canada are a direct result of Liberal policy. We have one of the most stable economies in the western world today.
4. I believe that people should vote on the issues.

Have you ever thought about how much your life is affected by family property law? Probably not. Yet, hardly anything you have goes untouched by these laws - the property you owned before you were married, the property you've acquired since, your home, your joint bank account, your credit, even survivor's rights when your husband or wife dies.

Because family law is so fundamental, several years ago the Ontario Government asked the Ontario Law Reform Commission (OLRC) to consider the relevance of the existing laws to today's needs and to recommend appropriate changes.

The Commission has reported and now the government is interested in learning your reaction to these recommendations.

Should ownership of family property including the family home depend on who actually paid for it? - or should a system of co-ownership of assets be developed on the basis of marriage as a social and economic partnership?

Should a spouse be entitled to an interest in the property of the marriage even when he or she has been unfair or unfaithful?

How should the wife's non-monetary contribution to the development of the husband's business be recognized?

If a system of co-ownership of property were introduced, should a couple have the option to draw up their own contract or make other arrangements to govern the property of their marriage?

Should the proposed changes apply to existing marriages or only to future marriages? The Commission did consider other kinds of community property systems including those in which sharing would take place from the time of marriage. As the OLRC proposals now stand, assets acquired during the marriage would be shared only when the marriage ends.

The Commission also recommends that both husband and wife have a duty to support their children, and to support each other, when the other is in need and is unable to work. Do you agree with these proposals?

We want to know what you think. To enable you to learn more about the OLRC proposals, your Ontario Government now offers a concise, easy-to-understand booklet, as well as a film on the subject for group discussions. We invite you to send for the booklet or borrow the film for your group. And, we'd like to know what you think of the OLRC's proposals, as well as other changes you'd like to see in family property law.

After all, the laws are designed to serve you.
