University Representatives At Hagersville Secondary School

A series of talks by university representatives is continuing at Hagersville Secondary School. Persons from York, Waterloo and Brock universities have already met with senior students.

This is the time of year the students try and determine whether to apply to university or not; if so, for what course and university campus. It's not an easy decision to make. The various university representatives relate to the students the very latest information on admission standards as well as a picture of what it is like to be a university student. All the speakers stress the need to visit the universities they are considering attending to get a more realistic view of university life and to find out in more detail what their programs can offer.

The next representative to visit H.S.S. will be Mr. Allan Hill of the University of Toronto. The date is Thursday, October 17, at 2:00 p.m. in Room 124.

After that Ryerson Polytechnical Institute will send a representative for Monday, October 21, at 2:00 p.m. The general public is invited to attend these talks. For information regarding visits from McMaster, Western, Sir Wilfred Laurier and Guelph universities, call Ed Corkery or Barry Springstead at 768-3318.

H-N To Take Over Water, Sewers

Haldimand - Norfolk will be assuming the responsibility for water and sewers in the municipality on January 1, 1975.

Councillors have either begun or are contemplating extensions and improvements to existing systems to meet the expected population growths resulting from the industrial complex at Nanticoke.

Every taxpayer in the Region is going to benefit from the impact on the assessment base resulting from the incoming factories, Treasurer Charles Douglas says. However, "the cost of water and sewer extensions will be loaded on to existing property owners in the form of increased water rates or other charges not only prior to the growth, but for the entire length of the period of debt retirement."

The Region has already requested additional support from Queen's Park and the Region can also decide to pick up part of the cost.

Selkirk Scene

by Marion McKenzie

The Selkirk Baptist Church will be celebrating its 108th anniversary on Sunday, October 20, 1974. Dr. Murray Ford will be the guest speaker at 11 a.m. and at 7:30 in the evening he will show slides of Australia.

The New Day Singers under the leadership of Gayle Hare have started practicing for entertaining locally in the near future.

Mr. and Mrs. Gerald McKenzie and children spent Thanksgiving Monday with Doug and Betty Hicks at Niagara.

Selkirk firemen were called out Friday evening to a vacant house south of Selkirk which formerly belonged to Earl Daley. I understand it was a total loss.

Shirley and Pat Fehrman took a five day bus trip to Nashville. We hope they had a nice time. They've certainly earned a holiday.

Rev. Ben Woodruff has been a patient in Dunnville hospital for the past week and may be moved to Hamilton General Hospital today for surgery on his back. We wish him a speedy recovery.

Brian Swarts has had another setback on the long road to recovery. He had a blood clot on the lung but has overcome it and is feeling better. The operation on his one leg was very successful, and he hopes when they do the other one, it will do as well.

H-N Objects To Welfare Increases

The Honourable Rene Brunnelle, Minister of Community and Social Services, has announced a 13 per cent jump in Welfare Rates.

Haldimand - Norfolk Regional Council plans to protest against the increase.

At a meeting in Cayuga Thursday, councillors okayed a Health and Social Services Committee recommendation that "objection be made to the recent announcement" by the Minister.

Committee Chairwoman Lorna Miller said they want to discourage people from staying on Welfare.

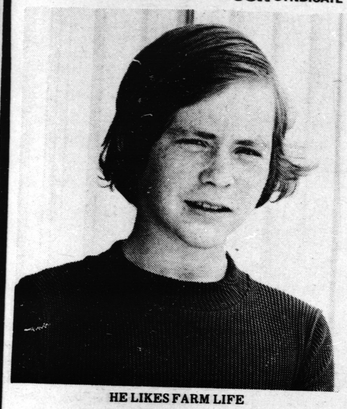
Simcoe Councillor Catherine Smale told councillors she felt that a relatively large proportion of people on welfare are justifiably in need and pointed out the cost of living has increased.

The motion carried.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE



HE LIKES FARM LIFE

When there's work to be done, nobody has to go looking for Wayne. He's right there, conscientious about doing jobs assigned to him and even volunteering for others.

Wayne is 14, healthy and sturdy with blue eyes, blonde hair and a fair, freckled complexion. He is amiable, co-operative and eager to please so foster parents and teachers find him pleasant to have around.

Wayne attends a school for non - academic students. Although he is rather indifferent to bookish activities, he has a talent for shop work. Now in a farm foster home, Wayne enjoys the life and especially the animals. He has hopes of being a farmer and having "lots of dogs."

Wayne gets along well with both children and adults and is protective of the younger children in his foster home.

Baseball is this lad's great interest though not on a competitive basis. His baseball glove is his treasured possession. He also enjoys weight lifting, wrestling and bike riding. Too shy for most community activities, Wayne is happiest sharing the family life and chores around his foster home. However, he has recently become a Boy Scout.

Wayne is the sort of boy who needs to know exactly what is expected of him. He should have warm, relaxed parents who will appreciate his shy, pleasing personality and who can accept his limitations.

To inquire about adopting Wayne, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, consult your local Children's Aid Society.

There's a Royal Bank desk in every farm kitchen.

When it comes to offering specialized financial services to farmers, Bruce Dykstra, Manager of Hagersville's Royal Bank, is as comfortable doing business in your kitchen as he is in his own office. (More often than you'd think, the farm kitchen is the best place to get Bruce's banking expertise fully concentrated on helping you achieve a worthwhile project.)

What's more—and this is important—Bruce Dykstra has the full facilities and expertise of our Agricultural and Credit Departments to back him up. In addition to Farmplan & Counselling he can tell you how to protect your farm and family with Farmplan Creditor Life Insurance.

We'd like you to give Bruce a call, to see just how effectively he can use his experience and judgment to offer you sound advice...backed up by some pretty sound and sizeable dollars if your growth plan makes agricultural and economic sense.

If you'd like to have that talk with Bruce Dykstra, call him at 768-3335. And if it makes better sense to have that important first meeting in *his* office, instead of your kitchen, the coffee's on Bruce.
