

## Federation facts

By Otto Crone

Provincial Government fears that the Ontario Federation of Agriculture Income Protection Plan will result in a

deluge of farm products and a too-high pay-out from the proposed indemnity fund are unfounded.

(The Ontario Minister of Agriculture has expressed concern that our plan could only work on the basis of total supply management with all the onerous rules and regulations that might entail.)

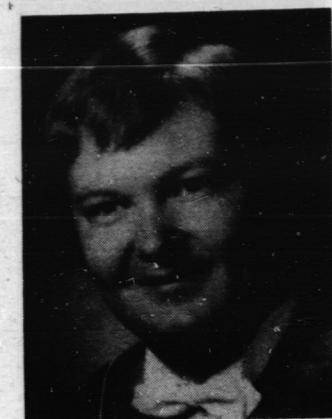

The OFA has considered that problems of possible overproduction and has advanced specific proposals to take care of that situation.

The OFA believes that the best way to forestall overproduction is to insure the profitability of all farm products and thus avoid the switching that takes place in response to market prices and market demand. The in and outers, who try to catch the price peaks, swell production and upset production and marketing patterns. The plans must provide equitable profit to producers of all farm products.

The OFA's proposed Income Protection Plan provides for a number of ways to avoid disastrous market upset: There can be a limit on the amount of product supported; The amount of product supported can be increased annually to meet market demand; The amount of indemnity payment can be increased or decreased to stimulate or dampen production; The market price can decline without interference to increase product use; The short-fall in cost of production will be made up by indemnities from the protection plan; The product of certain integrators can be excluded from the plan.

The OFA considers that these measures will work for

most products to avoid either oversupplying or undersupplying the market. If these measures don't work for a particular product then quotas could be considered. Producers would have to be consulted. Producers would have to decide whether to produce an unlimited quantity and lose money or produce what the market can absorb and make a profit. The objective of OFA's income protection proposals is to supply market requirements with quality products at all times.

James W. Duxbury, son of Mr. and Mrs. D.J. Duxbury, Jarvis, Ontario, received his Bachelor of Applied Science degree in Mechanical Engineering from the University of Waterloo on May 24, 1975. Jim is presently employed with the International Harvester Co. in Hamilton, Ont.

# How to approach a loan these days.

For a loan, as with anything else, it pays to shop around.

Rates do vary from place to place.

At the Commerce, though our rates are already competitive, we can even go one better. If you have a Commerce Key Account you get preferred rates on most consumer loans.

The fact remains, however, a loan costs money. And you have to repay it.

That's why we'd like to sit down and talk about it with you.

It's part of making sure you don't get in over your head just because you need the money.

If you need the loan for a car, we want to make sure your repayment plan still leaves you money to run it.

Talk to one of our over 1600 Commerce managers about the facts behind a Commerce Bankplan loan.

The more you know about the in's and out's of money, the better you can make use of the money you have.

And that's certainly worth talking about.

A special meeting was held at the Cemetery to make an "On the Grounds Inspection" of the Grounds as arranged at the Annual meeting.

The Directors present were Jim Hewitt, President, Earl Vanderburg, Ralph Carrick, and John W. Park.

Ralph Carrick Chairman of the Grounds Committee was given permission to purchase a load of "Fill" for levelling graves.

The committee recalled that the last power lawn mower was purchased in June 1963 from Nottingham's garage (1 cub Cadet tractor \$775.10 plus one over Dump Trailer \$122.00 and 36" underbody Rotary mower \$145.00 and totalling \$1,052.16, plus \$30.66 P.S.T. \$1,082.82).

On motion of Earl Vanderburg and John W. Park; RESOLVED to purchase a 74 model Serial No 900-LT75-Width 34" mower \$50.00 4 P.S.T. \$47.50 from easlip Motors-totalling \$97.50. Immediate delivery promised.

At this time no arrangements were made to erect a new fence along the south side of the Cemetery Grounds.

Rueben Herkimer, Caretaker of the Cemetery Grounds assured the committee that the grounds would be in readiness for Decoration Day at the Cemetery on Sunday June 8th.

Tickets available from Band Members and at the door.

Adults: \$1.00 — Children: 50c Preschoolers Free

## MANAGED FOREST TAX REDUCTION PROGRAM

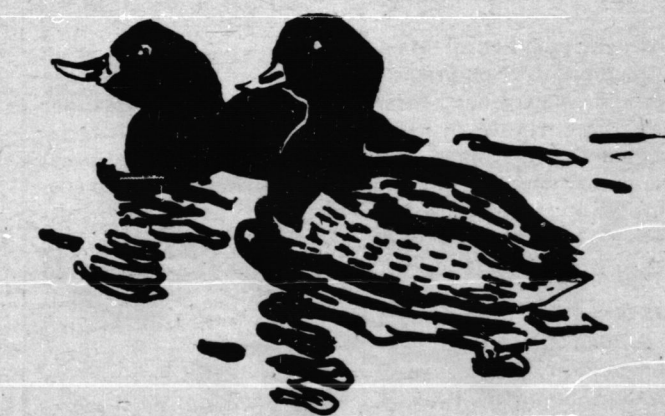

The Ontario Government has set up a program of tax reductions on forest land. The purpose is to encourage proper management of such land, and to ensure its fullest productivity.

Qualifying forest land owners will receive grants equal to 50% of the 1973-74-75 municipal and school taxes levied on their forest property.

This program will be of interest to anyone owning forest land that is not assessed as part of a farm. It is for the relief of landowners who manage

their forests for the production of wood and wood products, and for the provision of wildlife habitat, water conservation, and prevention of erosion.
