A "pair of kings" were good enough for openers at last Thursday's 24th annual Sports Celebrities Dinner in Toronto's Royal York Hotel in aid of the Ontario Society for Crippled Children.

Just before going in to the dinner, Hank "King of Diamonds" Aaron displayed the baseball he had just autographed for young Jeffery King of Windsor, Ontario's Timmy for 1975.

As a pitcher himself for his local team despite an artificial right arm, Jeffrey was delighted with his special souvenir, one of many he received during this gala event.

Hank was one of 40 special guests paying tribute to Timmy's courage and determination before a capacity crowd of almost 1200 sports fans who packed the hotel's Canadian Room.

This event is Timmy's first official appearance in connection with the forthcoming Easter Seal campaign. The campaign officially starts on February 27 and runs until Easter Sunday, March 30. This year's objective has been set at \$2,000,000.

Jeffrey is a grade 8 student at St. Christopher's in Windsor. At an early age his right arm had to be amputated above the elbow due to cancer. However, this hasn't deterred him from playing baseball and hockey, nor from riding his 10-speed bike.

In paying tribute to Jeffrey's courage and determination, Hank Aaron summed up what everybody felt at the dinner when he said: "We should all back a fighter like Jeffrey".
