

For Farmers Only

The Ontario Soya-Bean Growers' Marketing Board is offering contracts for production of soybeans suitable for the Japanese market. The variety specified is Harwood. There are other grade and quality specifications. Contract details can be obtained from the Board's dealers from the Board at Box 668, Chatham.

Soybeans don't need nitrogen. Dr. C.S. Baldwin of Ridgetown says that trials over many years have shown no response to nitrogen applied at even high rates. Soybeans do need the proper bacterial inoculant. If soybeans have not been grown on the field before growers usually apply more than the usual amount recommended. Nodulation on the roots be-

cause of the bacteris makes sufficient nitrogen available to the soybeans. The same process takes place with other legumes as well.

Applications of weed control chemicals for the spring grain crop is advised when the crop is in the two to five leaf stage. Early treatment is preferred because

yields can be seriously reduced by early weed growth. The kind and amount of chemical to use is listed for the different weed control problems in publication 75, the 1975 Guide to Chemical Weed Control.

Results with Halidmand High Yield Competitions indicate that the last week in May is the time to plant soybeans.

-o0o-

Andrew Lawson, a Scottish Young Farmer from Inverkeilor, will be a guest of Haldimand Junior Farmers June 7 to 16. Local juniors are presently making arrangements for the host farms and get-acquainted program to be held during that period.

-o0o-

David Murray, R.R. 4 Cayuga, has been selected by the Junior Farmers Association of Ontario to be one of the four Ontario delegates on

an exchange with the Province of Alberta. Dave's trip take place from July 22 to August 5.

-o0o-

Haldimand 4-H Leaders have a special evening planned for Thursday, May 22, at Haldimand Agriculture Centre. At that time they hold an Officers Training Meeting for the officers of 1975 4-H clubs. Each of the 14 clubs are asked to make sure that they are well represented.

TO ALL WATER CUSTOMERS

— JARVIS AREA —

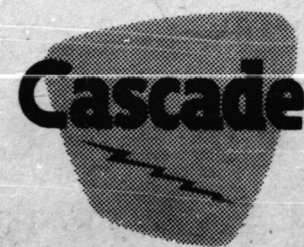

During the month of May, main flushing will be carried out. Discoloured water may be experienced. If so, let the tap run until it clears. This is a routine operation to remove sediment from the mains. We regret any inconvenience.

RONALD BARRY
Water Superintendent

Use hot water wisely Save energy...Save money

Apart from home heating, a family usually consumes the most energy in producing hot water. Here are just a few small things you can do, that can add up to a considerable energy saving. Turn off hot water taps so they don't drip, fill clothes washers to match the size of the load, wait until you have a full load before using a dishwasher and remember showers usually require less hot water than baths. Try not to use more hot water than you need.

The Cascade electric water heater will give you a dependable supply of hot water, but it's up to you to use it wisely.

Facts for farmers

Count the Weeds

An Agriculture Canada scientist has found a simple way to help a farmer decide whether or not to spray for weeds in his field crops. Sometimes the increased profit from larger yields might not cover the cost of spraying against weeds.

The farmer counts the number of weeds in several yards of his field and figures out the average number of weed plants a square yard. Using mathematical tables worked out at the Lacombe Alta., Research Station, he can determine by how much the weed will reduce his yield.

For example, if there are 20 wild oats plant to every 150 wheat plants in a field, that wheat yield will be reduced by 17 per cent.

Keep the Animal Calm

At slaughter time, all youthful meat is tender. Biochemical changes after death determine the final toughness of the meat. But if stress is avoided in the 24

hours before slaughter, the quality of the meat is higher, and long periods of hanging can be avoided. Stress releases chemicals in the animal that can cause meat to become rubbery after slaughter.

Scientists Recieve Bank Award

Dr. R. Keith Downey of the Agriculture Canada Research Station in Saskatoon, Sask., and Dr. Balduf R. Stephansson, a University of Manitoba professor, have been given the Royal Bank Award for 1975. They were honored for their work in developing improved strains of rapeseed. The Royal Bank Award recognized Cana-

dians who have made "out-standing contributions to human welfare and the common good."

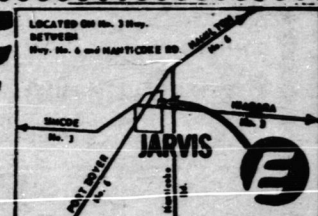

Dr. B.B. Migicovsky Honored

Dr. B.B. Migicovsky, director-general of Agriculture Canada's Research Branch, will receive the Mont-real Medal for 1975 from the Chemical Institute of Canada (CIC).

The CIC said Dr. Migicovsky was selected for the award because of his leadership in chemistry during 34 years as a manager of national and international research. He now directs almost 1,000 scientists across Canada.

Hagersville highlights

Region Branch 164 Meet

Acting President, Joe Krauskopf opened the May meeting, at the Legion Branch 164 Hall, Hagersville with 30 members present. Comrade Don Myke introduced guest, Craig Shipway who is the Recreation Director of the Town of Haldimand. His duties include co-ordination of all activities, arena, all parks, swimming pool, and community centres. The all diamonds will be looked after by the Recreation Committee, and the ball games will be sponsored through the Hagersville Ball Association, and sponsored by local clubs.

Applications for membership were read by Comrade Jackson, R. Regular Arthur Morrison, Assoc. Sec., Gregory Garmon and Eve Bolton. The minutes of the last general meeting were read by Comrade J. Land, and the Treasurer's report given by Comrade Gert Hendricks stated the next T.B. Chest Clinic will be held at the Legion Hall on Tuesday May 20 commencing at 10 to 12 noon, and again at 1 to 3 p.m. in the afternoon.

Nominations and Elections of Officers took place with Zone Commander Joe Tayloe officiating at the ceremony, with the following officers, President, Joe Krauskopf, 1st Vice President, Clarence Jackson, 2nd Vice President, Peter Stoddart, Treasurer, Jerry Ireland, Executive members, A. Esselment, O. Phillips, George Best, Viv Eagles, Sgt.-of-arm, A. Whitbread. Thanks by President J. Krauskopf was extended to Comrade Taylor for conducting the Election of Officers for Branch 164.

The meeting closed with the singing of God Save the Queen, and lunch was served by the members of the Auxiliary, Jean Ince, Edith Fincham, and Alma Krauskopf.

New Executive for Time Out

Membership by Comrade Jackson showed the following: Life-9; Ordinary 190; Associate-63; Honorary 21; Internal Affili-76; making a total of 359. Public relations report was given by Comrade A. Esselment, giving two members in Hospitals-Reg. Ion, and Lowell Kett. Ways and

The final meeting of this term of Hagersville's Time Out program, which was started in October of 1973, was held in the CE wing of Hagersville's United Church on Tuesday April 29. The new executive members to commence their respective

offices in October of 1975 are as follows: President, Mrs. Betty Ann Laidlaw, Vice President, Mrs. Gwen Kane, Treasurer, Mrs. Ann Houser, Secretary, Mrs. Vera Slack.

The Hagersville Volunteer firefighting crew, responded to a call on Friday May 9, 1975, at 9:35 a.m. Spruce-dale School, R.R. 5 Hagersville, the former Air Force Guard House, was the cause of some concern, when a fire had been detected in the boiler from which is situated at the rear of the building. Cause of the mishap is presently unknown, which resulted in damage being caused to the boiler room section.

Again on Sunday, Mother's Day, May 11, the firefighters were called to a two storey garage, belonging to Samuel Pepper, 97 King Street West. Children playing with matches caused fire in the garage, which was quickly extinguished by the firemen, resulting in the damage being minimal. Fire Chief William McClarty, stated this week, four of the Hagersville Firefighters are attending a

School for Firefighters in Hamilton, where they will be up-dated on modern procedures, in firefighting.

Auction Sale A Success

Hagersville's Tripple F Group held a successful Auction Sale on the lawn of the United Church Parsonage, on Saturday afternoon May 10. Commencing at 1:30 p.m. Auctioneer Mr. Hubert Fields performed in his usual excellent manner, and received bids on such items as crocks, roller skates, ironing boards, complete sets of dishes, exercise bicycle, antique drug cupboard, beds, etc. The entire afternoon needed the Triple F members more than \$1,100 and much credit is due to Alvin Hewitt, Howard Hewitt, Frank Almas, and Martin Webb, for their untiring efforts in organizing the event. Many energetic Triple F members began picking-up and moving items in the early hours of Saturday morning, and with perfect weather conditions, it proved to be a most rewarding day. Mrs. Marie Hewitt convened the Hot Dog Sale in conjunction with the Auction, which proved

like wise to be a popular refreshment stop.

Ladies Auxiliary Hold Hoss

The Ladies' Auxiliary of the Canadian Legion, Branch 164 Hagersville, held a Progressive Hoss Game in the Legion Auditorium on Thursday evening, May 1, commencing at 8 p.m. Auxiliary member, Mrs. Edith Fincham, assisted by other auxiliaries throughout the evening, later announced the winners as Ladies high, Mrs. Margaret Gowan (311); Mens high, Mrs. Pat Kindree (296); Ladies Second, Mrs. Marjorie McConachie; Mens Second Mrs. Gladys Slack; Hagersville.

Door Prize winner, Mrs. Irene Hall of Qu'Zpelle, Saskatchewan (a visitor to Hagersville, and former resident here) The generous door prize was donated by Mr. Dick Laurie of Motts Furniture Store, Main Street, South Hagersville. Mrs. Fincham announced the next Auxiliary Hoss would be held in the Legion Hall on Thursday evening, May 22, commencing at 8 p.m.
