BY JEAN REU

On Friday October 17, Hagersville defeated Port Dover 16-0. This is the 4th consecutive game that the defensive unit has yet to allow a major score. The offense was led by the signal calling of Dennis Smith and

the hard running of Karl Weaver. Martin and Mark Hopper. Mark Hopper also had a 70 yard touchdown run with Randy Strohm scoring the other touchdown. Ritz Mar-

tin had a convert and kicked a single punt. Dean Smith had a two point safety touch. The defense led by Bruce Fleming, Kim Smith, Dean Smith, Terry Martin, Garry Isaacs played superb.

Use hot water wisely  
Save energy... Save money

Apart from home heating, a family usually consumes the most energy in producing hot water. Here are just a few small things you can do, that can add up to a considerable energy saving. Turn off hot water taps so they don't drip, fill clothes washers to match the size of the load, wait until you have a full load before using a dishwasher and remember showers usually require less hot water than baths. Try not to use more hot water than you need.

The Cascade electric water heater will give you a dependable supply of hot water, but it's up to you to use it wisely.

### HOCKEY

**Referees to attend Clinic**

Paul Kett who is the referee in chief for the Hagersville and District Minor Hockey Association will hold a referee clinic on Friday night Oct. 24th at the Hagersville arena. This will take place immediately after public skating. The clinic is open to any boy or man who wishes to referee minor hockey in Hagersville this winter. There are many new rules this year and it is hoped that Paul can get all the boys to call them in a uniform manner. A boy must be of midget age before he can referee, and this is about the only stipulation there is. If you can not attend the clinic and still want to referee give Paul a call at home so that he can take down your name and phone number.
