## 1,300 Pupils Take Part In Walpole School Fair

JARVIS (Special) — The community centre here was jammed with 1,300 pupils and 600 exhibits at the centennial school fair for Walpole Township pupils on Friday.

South Walpole School topped four other schools in overall points.

Winners of events included Neil Kraay, Grade 7, of the Canadian Christian School, in the boys public speaking; Becky Snowden, Grade 7, of the South Walpole School, girls were speaking. Silver dollars were presented to all entrants, five girls and four boys.

Prior to the fair opening there was a parade from the Jarvis Public School, races and a volleyball tournament.

William J. Snowden, chairman, said he was very pleased with the turnout and the number of exhibits on display. This was the first school fair since 1937.

Pupils taking part were from the Canadian Christian School, South and North Walpole Schools, St. Mary's School, and Jarvis Public School.

One boy, instead of entering his rabbit, entered a pig when the animal gave birth Thursday night to eight little ones.
